

## Harremanak:

Konbinazio bat egitea erabakio dugu. Hau da, bezeroek erreserbak gure webgunetik egin ahalko dituzte, baina zerbait bereziki behar badute gure telefonora deitu dezakete, arreta pertsonalizatu bat sortuz.

The screenshot shows a web application for managing appointments. On the left is a sidebar with navigation options like 'Dashboard', 'Patients', 'Settings', and 'Reports'. The main area is titled 'Manage Appointments' and features a calendar for January 2016. A table on the right lists appointments for 2018-01-04:
